Printed copies of this issue are being made possible through a grant from the Arizona Native Plant Society.
An introduction to the Vascular Plants of Arizona project can be found in *Canotia* volume 1, issue 1.
(<http://lifesciences.asu.edu/herbarium/canotia.html>)

Canotia publishes botanical and mycological papers related to Arizona. These may include contributions to the Vascular Plants of Arizona project, checklists, local floras, new records for Arizona and ecological studies. All manuscripts are peer-reviewed by specialists. Acceptance for publication will be at the discretion of the editor. At least 30 printed copies of each issue are distributed to libraries in the United States, Europe, and Latin America. Anyone may download copies free of charge at <http://lifesciences.asu.edu/herbarium/canotia.html>.

Canotia is named for *Canotia holacantha* Torr. (Celastraceae), a spiny shrub or small tree nearly endemic to Arizona.
